MARBLE WHITE

Marble Dust and Stone Powders range from 1,5 mm in size, to fine powders, suitable for Tuscan Styled Plasters, Zen Gardens and other cementitious or resin blended products.

APPLICATIONS & USES OF CHIPS AND PEBBLES

Natural Stone chips can be used creatively in many ways for decorative stone gardens incorporated with plants, garden paths, driveways and Zen Gardens. Chips can also be adhered to board with resin for unique decorative wall murals

Red Jasper chips applied to the building facade of Bruma Sports Centre.

Super White 6mm chips were supplied to create effective granular paths for delegates to the 2002 World Summit for Sustainable Development at Wanderers, Jo'burg.

Pebbles used to cover and protect waterproofing from harmful uv-sunrays and pedestrians on roof tops.

White large pebbles used decoratively in a garden feature with wooden sleepers.

T4HN pebbles in size 5-7mm, resin bonded on pool surround paving, installed by Pebble Pave.

Brown and White pebbles creatively used in a garden.

Assorted sizes of beige pebbles laid in an impressive garden display at the Johannesburg International Airport.

Over 120 tons of Super White and Black 13mm chips were supplied for the manufacture of precast panels, installed at the Discovery Health Head Office, Sandton.
